### **Architecture, Planning and Interior Design**

SOMERVILLE, Mass. – December 2004 – Nilsson Associates designed a contemporary entrance to a historic cultural center for the Real Colegio Complutense (RCC) and Harvard University Real Estate Services. The design options presented represent a range of project sizes; from the simple addition of an uncovered exterior wheel chair with minor grading/pavement adjustments to an entry reconstruction that provides an interior entry stair and lift as well as an elegant, new entry that serves the RCC and respects the historic character of their building.

Nilsson Associates also designed interior modifications include a structural
